CUPRA ATECA

CUPRA ATECA

Embrace a new way of living with the CUPRA Ateca. With powerful engine options of either 140 or 221kW, it will set your spirit soaring as you chase the horizon. A combination of power and practicality, the 2.0-litre turbocharged engine propels your journey, while boot space of 485L lets you carry all you need for your destination. Enjoy convenience items like keyless entry, an easy-open power tailgate and self-parking. There is no need to compromise, the CUPRA Ateca provides the perfect blend of performance, styling, comfort and unique design features.

¹ Please note figures are sourced from overseas data where equipment levels by model variant may vary.

* The Start/Stop system is designed to reduce fuel consumption and CO₂ emissions. It achieves this by automatically switching off the engine while the vehicle is stationary and then starting it again automatically when the driver wants to drive off. There are certain operating conditions where the Start/Stop system is deactivated (e.g. during engine warm-up), please refer to the owner's manual for full operating information.

Please note figures are sourced from overseas data where equipment levels by model variant may vary.

** Fuel consumption figures according to ADR 81/02 derived from laboratory testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.
