TAVASCAN

CUPRA

MY26 Pre-Launch

INSPIRING THE WORLD FROM BARCELONA

CUPRA (short for CUP RAcing) emerged in the 1980's through the motorsport division of Spanish brand SEAT, which competed successfully in World Rally and World Touring Car Championships. The CUPRA nameplate first began appearing in 1996 on selected performance models before growing in popularity such that in 2018 CUPRA became a stand-alone brand with dedicated variants of the Leon and Ateca, and ongoing success in a variety of motorsport categories. Soon thereafter, CUPRA-unique models were launched including the Formentor, Born, Tavascan, Terramar and soon the Raval, with worldwide sales surpassing one million vehicles in 2025.

As a proud member of the Volkswagen family alongside brands such as Porsche, Lamborghini, Audi and Skoda; CUPRA fuses the latest German engineering with edgy Spanish design and engaging dynamics to create vehicles that deliver an irrepressible impulse while driving, and a yearning to look back as you walk away.

In Australia, CUPRA launched in 2022 with unique Sales and Service 'Garages' in key hubs around the country. In a short space of time our Tribe has grown to over 10,000 obsessive enthusiasts who value the journey as much as the destination, and for whom blending-in just isn't in their DNA.

If this resonates with you, maybe you have a little bit of Spanish in you.

Maybe you're One Of Us.

Find out more www.cupraofficial.com.au/our-dna/garage/about-us.

CUPRA Tindaya concept model shown

DEFY ORDINARY

Rebellion is not conformity; it's the art of defying the ordinary.

Welcome to the home of the audacious where the norm is challenged and the extraordinary is embraced. The CUPRA Tavascan experience isn't just about acquiring a car, its's about adopting a way of living ignited by electric passion. We invite you to join this evolution where motion is the experience and driving immersion is redefined.

The CUPRA Tavascan sets out to be a rebel amongst the ordinary. If you resonate with rebellion, then you're part of our tribe.

Vamos!

NOTES

[3] The figures stated are for the purposes of comparison amongst vehicles tested under the same testing procedures only. The actual figure may vary depending on multiple factors such as fuel quality, vehicle load, environmental and road conditions.
[6] Range and energy consumption figures according to ADR 81/02 derived from WLTP testing. Factors including but not limited to driving style, road and traffic conditions, environmental influences, vehicle condition and accessories fitted, will in practice in the real-world lead to figures which generally differ from those advertised. Advertised figures are meant for comparison amongst vehicles only.
[7] Leather appointed seats have a combination of genuine and artificial leather, but are not wholly leather.
[8] Compatibility will vary by device.
[9] App-Connect featuring wireless Apple CarPlay® and wireless Android Auto™ is compatible with the latest versions of iOS and Android. Active data service required.
[10] The Bluetooth® word mark and logo is a registered trademark owned by Bluetooth SIG, Inc. Any use of such marks is under licence. Not all devices will be compatible and functionality will vary depending on the device.
[11] Safety / Driver assist technologies are designed to assist the driver but should not be used as a substitute for safe driving practices.

CUPRA is committed to a policy of continuous product development and reserves the right to make changes to specifications, colours and prices without notice. The information in this brochure can therefore be given as guidance only. While CUPRA makes every effort to ensure that specifications are accurate at the time of publication, you should always check with your authorised CUPRA Partner for the latest information. Due to limitations of the reproduction process the colours displayed in this brochure may vary slightly from the actual paint and material colour.
